GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people thus become the builders of their own community.
